MEMORANDUM FOR THE RECORD

SUBJECT: Pay Bill

Received several calls from Roy Banner during the day concerning the situation on the Pay Bill and our efforts to reinstitute consideration of the authority for retroactive payment by administrative agencies. At his request Mr. Banner accompanied me to a meeting after the passage of the conference report by the Senate that I had scheduled in my noontime meeting with Bill Gullledge. Bill was friendly, cordial and receptive, and indicated that he had identified a possible vehicle for our retroactive authority. He requested that he be provided with the number of agencies and the number of persons involved in retroactive payment.

I will try to provide Bill the information tomorrow morning. I left with Bill a proposed redraft of the authorizing provision.
